linkedin.com/in/abhishek1846

SUMMARY

Staff PM with about 10 years across analytics, healthcare data and enterprise security. Leads product for Non-Human Identity (NHI) and AI agent governance at Oleria, an AI-powered identity security platform, setting direction across three engineering teams and working with Fortune 500 customers. Two-time founder; one team acquired.

EXPERIENCE

Oleria May 2025 - Present

Staff Product Manager | Aug 2025 - Present **Senior Product Manager** | May 2025 - Aug 2025

First Product Manager in India; sole PM across a ~30-engineer organization

- Lead product for NHI and AI agent governance, now the company's strategic focus; all new pipeline is built around it.
- Drove $3M in net new PoCs now at advanced procurement stage by repositioning product and customer conversations around NHI and AI governance.
- Built AI agent governance: continuous discovery of agents across Gemini Enterprise, Salesforce Agentforce, AWS Bedrock and Microsoft Entra/Copilot, mapped to the humans involved on the identity graph, with reviews and remediation.
- Shaped the Oleria MCP/AI experience: an AI identity security expert that answers customer questions on their actual data by querying the full context graph.
- Own NHI discovery, access reviews, Workflow Studio and Integration Studio; grew the integration catalog from 20 to 100+ applications.
- Mentor the engineering team to think like product engineers; support marketing and sales; represent Oleria at security conferences.

Kloudfuse - Product/Growth Lead, India Apr 2024 - May 2025

- Opened the India market; onboarded 1mg, Innovacer and GE Health.
- Led the launch of Real User Monitoring (RUM) and other product updates.
- Grew the India team from 3 to 8 in 2024.

Co-Founder / CEO - Komma and Dashh Dec 2021 - Feb 2024

- **Komma (CEO):** built a collaborative analytics notebook for data teams after 150+ interviews with data leaders (Twilio, United Airlines); 6 PoC customers, $150K pre-seed; team acquired by a Series A fintech in Mar 2024.
- **Dashh:** built one-click checkout for e-commerce merchants; led product, design and GTM; declined 2 acquihire offers.

PharmEasy - Senior Product Manager Nov 2018 - Nov 2021

- Owned the roadmap for Docon, a digital prescription platform acquired by PharmEasy: about 1M prescriptions per month, feeding its e-pharmacy and diagnostics businesses.
- Led two products: prescription analytics for pharma companies and a doctor-facing analytics dashboard.

ZS Associates - Decision Analytics Associate Jun 2017 - Oct 2018

- Worked directly with US clients; the only first-year associate on the team to train new joiners.
